OFFICERS' MESS,
R.A.F.
GRAVELEY,
HUNTS.

30th Nov. 1945.

Dear Vic,

Afraid I make a rotten correspondent. Very sincere congratulations on the D.F.C. you certainly deserve it and I'm ever so pleased you've got it.

Well, how is Livvy St. treating you – I am due out about next April but am considering 12 months deferment. I I bet that shakes you. I hope you are settling down well and have found a job to suit you – personally I think I shall revolt at the sight of anything resembling work when I get out.

OFFICERS' MESS,
R.A.F.
GRAVELEY,
HUNTS.

If the weather is good tomorrow and the a/c serviceable and God is willing I shall be nipping off to Bari for the first time for seven weeks. I've almost forgotten what the place looks like.

News from the Sqd. is not very exciting - Algeo demobbed (thanks goodness) various odd bods posted here and there including Lummis and Shawcott and Hooper to Honiton (for overseas) Paddy Simpson from B flight and so on. You'll be pleased to know that Ken Holl- also got his D.F.C.

We are having a mess party on 14-12-45. and although the food

is apparently to be not very outstanding but there should be plenty of drink and I would like to wet your ribbons. Re I think I could even fix you up with a bed for the night just in case. Anyway the nearest station is Offord and Buckden which can be attacked from the North via Peterboro or Huntingdon and from the South via Hitchin or intermediate stations. Maybe you will give me a ring nearer the date at Croxton 232
Mess Extension 60
'B' flt. Extension. 39.
Will save all further natter until the party so until then farewell and all the best.

Yours,
Johnny.
