Friday.

Dear Ken,

Arrived at this bloody awful place a couple of days ago, after a bunding journey of 14 hours, honestly its the most horrible hole I have ever met up with, and I am doing my utmost to obtain a posting

About this transfer, I have made a few enquiries and nobody knows sweet fanny adams about the necessary forms etc., so if you could let me know the

number of them, I coned
at cracking, and from
what I can gather the
chances of it coming off
are very remote, you see
I have never been to an
O.T.U. therefore it is very
improbable that they will
consider me becoming
an Instructor at one.
At the moment I am
supposed to be instructing
on 'wireless', which
consists of flying with
the pupils, and helping
them to become familiar
with general working
conditions in the air,
also I shall probably be
called upon to do some
ground instructing, if

you think I can do the same job a something similar at your station, then there is a definate possibility of my transfer becoming effective, if not, then I shall have to 'get' up an Summery and see what can be done in that respect.

When you are home again, you might ask our 'ma' to forward on the D.D.F. slacks I left at home, I intended the 'old man' having some which were at the bottom of my kitbag, and when I have the ones I left at home, I can forward the others

ones on, don't forget,
because I have to walk
about all day in my
best bags, and I want
to save them as much
as possible.

If I have the misfortune
to stay here more than
a couple of months I
may be having some
leave, at the moment it
is booked from Dec. 3rd
to Dec. 17th, which as you
can see just misses
Christmas, I have tried
to get it changed, but
as you know, a new
arrival can't do much,
nevertheless I am doing
my best, and in the
long run may be able

to do something
all for now.
Cheers.
Ant.

P.S.
No idea of your
address, shall have
to forward to the 'old
homestead'.
