Thursday.

Dear Folks,

I have not heard from you yet, but there is a parcel in the office for me I expect that explains a lot.

Well, things have been very hum-drum of late, doing the usual. I have not been out much because as I have said previously there is no where to go except when there is a motor coach organised to go to one of the towns.

The watch which I brought back with me has stopped for no apparant reason. I dont remember knocking it and I know I have not dropped it.

The food is very good indeed and the billets are not bad at all, All our crew is billeted together so that is one thing we cannot complain about.

We are going to camp concert to night and if all goes well we will go to the town tomorrow night.

I hope you all keeping well and in good feckle as at present it finds myself.

I have written to Joe but I have not received a reply from him yet I expect he will write — I hope. —

If I have time to-night I will write to Noah. although I have written once and had no reply.

Well I must close

Con amor.
