them & have I written to
the right Place perhaps
you could let me know
of course we shall not be
able to send anything
to them until we have
their permanent adress.
I am very grieved to hear
about the three who lost
their lifes as we were so
looking forward to Teddy
bringing Mickey home
with him on his last
leave I had all preparation
made for them when I got
the telegram to say they
were missing & we were
hoping sincerely that
they were all alive a prison-
ers but they were such a fine
bunch

although I hadn't the pleasure
of knowing them in person
I felt I knew them
all as Teddy talked so much
about them & all the praise
he had for them he used
to say the pilot was the
best in the squadron.
may God have mercy on them
& give them a place in his
heavenly home. what an
experience for our boys
to have had & sure they
felt it very much. it is
really a miracle that they
escaped with their lifes
& not even wounded keep
on praying my dear & get
masses said when ever
you can as there is nothing

better you can do. needless
to say we all here are praying
constantly for them + Please
God it will all be over very
soon + we will have them
home again then we shall
all meet + celebrate. its
a shame you cannot get
over here it would do you
good to have a change but
I understand how difficult
it is. I am enclosing two
little leaflets for you. you
will see how great is the
power of the mass. + the
goodness + wonders of our
Lady. I will close now
with very best wishes + very
kindest regards from all here
yours very sincerely
