Dear Lewis

Dad and Sidney are  
just having a real argument  
on landing crafts it's just  
getting to top ~~pitch~~ pitch  
so excuse the scrawl.

We received your welcome  
letter yesterday also the  
washing so I will get it  
done tomorrow and will  
post it back on Wednesday  
morning. Well Lewis if I

was you I would send those  
shirts of your own that you  
dont need they would be less  
kite to carry about the  
air force shirts seems much  
thicker so dont go putting  
a thin one on then a thick  
one or you wont get rid  
of that cold. I do hope it  
is much better.

So you have been to  
Leeds I think it is like all  
other towns not much doing  
at night. We had Mrs Luxford  
here last Monday came  
about 2.30 and stay while  
the seven o'clock bus she

did look ill and has aged  
considerable. she had not heard  
from Barbara since sending  
the letter from Alan she had  
promised her some of the snaps  
like you had with you both  
on of course she may have  
heard by now Mr Luxford  
as got his crown now for  
keep's with a year's back pay  
it was only temporary before.  
we all hope you have got  
yours by now.

I saw Webster's son  
the other day he looks real  
well Stanley Rouse is here  
also Mrs Goodwin's twins  
they are both in the Army.  
expect we shall

see  
seeing am Cyril tonight so  
I will tell him about  
writing did you get the  
letter I sent Friday I think

now So will say cheerio

of yourself.
