Old Bessing,  
Scunthorpe,  
Lincolnshire.

August 4<sup>th</sup> 1944.

My Darling Bob.

O. alas! dear, there is no  
letter for me again today. I am  
feeling very disappointed too, but  
possibly you have been unable to  
find time so I will forgive you.

I have had a very  
busy day helping 'A.T.' all the  
afternoon with his personal stuff etc  
and typing most of the morning.

Bileen returned by  
rail today & a long letter saying  
how much happier she feels now  
she is a married woman!!!

She says <sup>it</sup> they had barely  
four hours together, even if only  
in Seattle - I don't suppose it  
would matter much where they went.  
She enclosed the local paper with  
press photo and full detailed  
account including the meal was  
..... and left by the bride's  
friend - her Robert Waring - I  
will take care of the contents  
dear.

A.J. was asking if I played  
tennis, golf or anything. He thinks  
it would do good for health  
etc. She plays at Lindsay  
Tennis Club & Holme Hall Golf  
Club & recommended both as  
good sociable folk. We shall be

able to do <sup>the</sup> ~~any~~ <sup>same</sup> ~~spot~~ etc. together  
after the war. I explained, I feel  
somewhat lost without you around.  
He seems to understand my feelings  
& is very helpful for a student.  
I feel quite happy here and I  
have an better in health since  
I started working again.

Nothing terribly exciting  
seems to have happened around  
here. How are you doing  
among the spare parts??

With dearest love, Christ  
for now and God Bless you  
for ever yours.
