Dearest Mum.

Thanks ever so much for the parcel, it was a lovely surprise as I didn't expect it yet, there came of my favourite dolls in too, they arrived in very good condition, I got it on Wednesday dinner time so it didn't take long did it?.

Have you started to entertain the Allison family now then? Is it a long time since I wrote? Oh sorry if it is

but I had no more franked envelopes and
I'm absolutely broke, not even the price of
a stamp, but you have kindly sent ~~to~~ me
some envelopes now thank.

The beach is just a mass of huge white
stones and boulders all absolutely glass
smooth, I've certainly seen some different beaches
in my time. Could you send my other white
flash' do you think please? and the I could
send the other one home and perhaps you
could wash it. And you know I asked
you to send my civic pants? well dont bother
as I've been to see the M.O. and he gave me
a chit to get some more, he said less were
extra hotch. I've got a date in Corcliff
on Sunday and I'm in a bit of a predicament
because the girl named Barbara I met in
Boston has arranged to be in Corcliff to
see me on the same day, I'm bound to run
into one whilst I'm with the other. Well

Mum state about all the gen for now, and
shall be write when she gets time though I
expect she is very busy at the hospiss.

Shall look forward to your next letter.

Yours of love

Wm
