Thanks sweetheart for today's letter, will it come this from us,
 so it was a good day for me - Things here have been very dull,
 in schools, theatres & clubs have been taboo, because
 a mild flu epidemic, the British doctors, particularly
 good men, have it now under control, so with the
 improvement of weather we should soon be able to
 move about again - I have written to Australia House,
 asking of the possibilities of being sent home via England,
 am waiting on a reply - I understand that word Cassin has
 written - we may be able to talk them into it -

I'm glad, sweetheart, that you're meeting some decent Cassins.
 I think most of the Airforce boys will give a good account
 of themselves, I'm not so sure of the soldiers, but if we
 get there, I'll pick out the best of my mates & bring them

of themselves, I'm not so sure of the soldiers, but if we
get there, I'll pick out the best of my mates & bring them
along. a couple of them, incidentally, will thank you
as warmly as I do for the cigarette parcels you send
me, we share everything & lately your parcels have

Keft us smocking - Fred mentioned a family photo
you had sent, it has apparently gone astray, would
you pop one in your next letter -

Melba was excited going to her first dance,
I would like to have her taking Kermot's place -
Have you had any mail from Gladys? Les tells me she has
opened a business outside Melbourne. It's a marvellous year -
But to Fred's family
Love, Bill
