No. 8 Dear Mum,

Wed. 22/3/44.

Sorry I've let it go over the week before writing. I don't know why really; we haven't been doing very much in the way of flying this past week. But then again there is so little to write about that I don't seem to feel like it much. Every now & then of course I realise that I should write just to have something in the mail box at Springfield even if there is no news. That's how this remarkable lack of news so far isn't there.

Got Beep's long letter last week but apart from that it was the leanest week I've had in England. None from Betty & no airgraph from home. Not even a letter from Terry. I've had some snaps developed & will write a couple of sea mails later in the week enclosing some to you & Betty. They might not seem very interesting to you without the fitting circumstances but we'll fix that some day. Will write to Beep as a birthday effort next time, should be time enough. Lots of love to all at home. Bert xxxx
