12/17 Dear Dad, 2 July 1944.

Just two years eh, since I first came into the service. Rather an eventful time it's been too I reckon. Seems longer than that in some ways. But I guess actually it's been that it was all training & no action that makes it so. At the present time we're more or less filling in time before converting onto 4 engined planes. Most of our time is spent in parades & football with a bit of practice at nav. to keep the old hand in - or finger out as they put it in the RAF.

The wheat crops are well out in head over here now. They say it'll be a good year if some fine weather comes along, although I haven't seen any really good looking crops. 5 or 6 bags is at the best. Haven't noticed any eating off being done & the heads all look too small to be much good. From the quality of the ground you'd think they'd all be 40 grainers! It's been drizzling here off & on for a fortnight although today is dry & warm. So long for now Dad.

Love to all at home. Best xxxxx.
