Not a lot to write about again this time. The weather been very cool & windy the past few days - not much effort to stay in camp & go to bed early. Had a couple more ops in, solve twelve & finish now. Scottie Hall finished his tour a couple of nights ago which we found a good excuse to spend a night on the beer down at the local pub - nearly all the navigators were there as well as Scotties crew. The old Bushie from Loosmanah was there too making up the trio from the district out home. Bushie's crew are in the same room as us & although they arrived here a week before us we've had the same number of ops done & there's great rivalry to see who gets the lead - we had one on them for a few weeks but they got even a few days ago & look like staying that way now for a while. Bert Howard's crew went shot down over there a few nights ago - bad luck. They may have parachuted safely but it seems a bit doubtful from report we've heard. He was going to snappy a girl from Newcastle on his next leave which was due in a fortnight. Betty told me I suppose that his girl at Dulwich Hill walked out on him and married a yank a couple of months ago. Betty told me you got the cushion cover ok. Had the beach carting that around a while - really been playing. Had the wool turned out ok. Had look for Elwin with his Tambo though wasn't it there. Love to all at home.
