Dear Mam + Dad,

As you will see I have got a new address but I do not think I shall be here long. We came here last Saturday and up to now it has been O.K.

Although we are not flying: as usual we are on ground school.

When we do start flying it will be on a real aircraft, and all the guys say they are pretty good fliers.

The mess here is not so good as at Lindholme and the billets are pretty crowded but I guess they will be O.K. as we do not expect to stay here long.

I was pretty unlucky last Saturday
I did not think we would be
coming here until Sunday in
which case I could have got
home on Saturday evening. I
do hope the party went down
alright.

Last night I went into
Lincoln to see Bing Crosby in
"Going my way" it's quite a
good film, very amusing in
places. As it was cold I wore my
great coat for the first time.
Johnny Rae and I really looked
tops and we went into the
Officers' Club down there to see
how the high society was

getting along.

I received my pyjamas and laundry last Friday. Apparently the laundry had been there a day or two but they had not put my name on the list. don't worry about pyjamas I have lot of coupons but I do not get chance to get out when the shops are open. By the way my money has not come through yet but when it does I shall be able to see about yours. I look like having to let you get me some money out of the bank if it does not come through soon. If you need any you

can get it out of the bank to.

I guess that's all for now,

Remember me to all

Your loving son,

Lewis
