My darling Jean.

Thanks so much for your
last two letters which arrived Saturday
and today. Was sorry you weren't
in last night when I phoned,
I didn't give it a thought
you would both be going to
black.

At the moment there's not
much doing, we've had two calls

2
but they were scrubbed before
take-off, apart from perhaps the
odd one I think we are finished
it's difficult to say definitely
depends what happens. How this
will depend on future excursions
to all points East I can't say,
it's just a question of wait
and see.

I've Lael a letter from Uncle
George with your little poem
attached, with strict instructions to
send it back in the next letter,
really I didn't know I Lael such

3 a talented 'Letter Laff,' don't tell
me you can say as well.

As you mentioned Easter
makes no difference to us, in fact
I've had a lot to do as
our Bombing Leader is on leave and
I'm the deputy, just sit in
the office, have all the work
to do if there something in the
wind.

I've just heard that our
leave is provisionally fixed for
the 18th April so I'm afraid your
dance at Eastwoods is on the
brink week again; however it may

4
be altered.

I'm glad to agreed to pay for
the beer out of the housekeeping money,
and put it on writing, I'm cutting
the piece out and keeping it for
reference!

Well, darling, not much more
to write about at the moment, am
looking forward to seeing you soon,
has the flistis healed properly?

Sherris for the time being, please
remember me to Mother & Dad,

Take care of yourself, my dear,

Yours
Jack
