Monday, 19th.

My darling Jean,

Just a few lines to let you
know I'm O.K. have been busy today,
just arrived back.

We had a good young up
on Saturday, I met Jack as arranged
and we picked the other two up at
Richmond, we didn't hurry back, stopped
at a local for a couple of pints

and arrived back at camp at 10.30.
The distance from door to door is 9 1/4
miles so its a good job I had the
extra petrol.

Have just started on your cake,
(waiting dentist tomorrow) its very nice, shall
be trying another soon, shall have quite
a good supply of cake if my two
sparring partners dont find for it.

I received a letter from Norman
when I returned, he writes quite a
cheerful letter, should like you to meet
him, perhaps he will be home next
time as he says he is due for

a 48. in some weeks time.

The car ran perfectly the whole way back, have got a garage so everything is alright and the car is under lock and key.

I sent Mother a card yesterday and shall be writing to her tomorrow, in the case you should receive a letter every other day, dont know if I can keep it up but will try.

Yesterday I was fool enough to let the boys persuade me to play football for them, by about half time

⁴⁴
I was on my knees, could it hardly
run a yard, and boy went I stiff
this morning, boy bone seems to crack
when I move.

Well darling, shall be writing again
soon, do hope you are settling down
again, what kind of reception did you
get at Eastwood?

Blessing for the moment, all my
love darling and take care of yourself

Yours
Jack
