My darling Jean,

Just a few lines to let you
know everything is O.K., we had quite
a good journey back, met the boys

O.K. at Liverpool Street and arrived
in camp at 11 $\frac{1}{2}$ after stopping on

the way for a glass of water.

Since we have been on
leave things have altered quite a bit

quite a few of our old pals have
left and we ourselves are beginning
to feel like ancient relics, will not
very long and I think I could
occupy my time better at home,
what say you? really darling I don't
enjoy my leave, each time I feel more
fed up when I come back, expect you
feel the same, by the way any
Hesters appeared yet?

There's been quite a bit of
promotion in the club, Jack has his

Flight Lieutenant and both Tommy &
Peter their flight, sergeant. we are
thinking of going out tonight to get
the new promotion. I believe I mentioned
that Ron is finished, he goes on leave
on Monday so that the last I
expect we shall see of him. At
the moment we're not quite sure
when we're finishing, don't think
it will be long, think the chances
of hanging out until July are
pretty remote, still live in hope.

I've just received a letter from
Aunt Sell, she enclosed your reply
to the B.W.C.

The weather has been pretty cold
these last few days, in fact there
was snow on the ground this morning,
so all the heating is turned off
it's pretty miserable at the moment.

Well, my dear, will pack up
for the time being, take care of your-
self. Hope to hear from you soon.

all my love darling
Yours Jack
