

Dear M,

25/10/41

By the time you received this letter I will be at a new camp at Sulmona, we expect to move today. Carry on writing as usual my mail will follow me. I've received three letters from Winnie now but only two from you. Mail will be more regular than we do here. I am in good health and hope all at home are the same. I need a fountain pen if you can send me one I'll be grateful. The weather here is still good and I hope it continues. Sulmona is near Rome the Red Cross people will give you the address before you leave from me. I must close now

Love

Leslie
