Dear Dad,

Thanks for your letter. There are two or three boys here from S. Wales & they say there are a lot of raids there. Yes I think I shall get six days in August but I still don't know which exactly. We have had some terrific thunderstorms & very heavy dampness but it has been fine for the last few days. There is a piece of peas out near here but I haven't seen any corn yet. There is some barley getting

quite ripe near too. But I don't  
go up in the daytime very often  
so I don't see much. I went to  
hineer to the pictures last  
night but I didn't meet any of  
my old pals. There was someone  
died in the picture - with  
a horrible yell - nearly like  
Tarzan only not quite so loud.  
I am enclosing piece of hoop  
that hit me in the ribs Saturday  
night. You can see a piece of  
my hair sticking to it. I  
will bring home the thing that  
stopped it when I come home  
next. If you look on the front  
of Monday's Mirror you will see  
a little piece about it. I have a  
nice bruise on my ribs -  
have fun boys
